for about 20 cars. It also has two storage rooms with separate entrances and lock, as well as a spacious office with a private bathroom.

The ground floor offers an open-plan reception and a large, bright living room, equipped with double doors and a bathroom. On the first floor, there are three rooms of different sizes, all with closets and windows, an additional bathroom and a small room prepared to install a kitchenette.

Although the building is part of a condominium with sauna and jacuzzi, these amenities are not available for commercial space. The property does include, however, a sunny outdoor terrace with lovely views of the gardens and pool.

The property is undergoing renovation, so it will be delivered completely refurbished.
